

Precision Machining

- ☑ Precision machining of a wide variety of difficult-to-machine exotic metals, common alloys, plastics, carbon, and more
- ☑ CAD/CAM
- ☑ Product Design Assistance
- ☑ CNC Milling
 - 9-Axis
 - 4-Axis Twin-Column Vertical
 - 3-Axis Vertical
 - 5-Axis Vertical
 - 4-Axis Vertical
 - 2-Axis (Conventional)
 - 5-Axis Horizontal
 - 4-Axis Horizontal
- ☑ CNC Turning (Lathes)
 - 9-Axis
 - 4-Axis Horizontal
 - 2-Axis
 - 5-Axis
 - 4-Axis Vertical
 - Twin Spindle
- ☑ CNC Wire and Sinker EDM Technologies
- ☑ Performance and management of value-added secondary operations, including:
 - Reverse Engineering
 - Anodizing
 - Hardware Accents Installation
 - Heat Treating
 - Alodine Chemical Filming
 - Assembly
 - Welding
 - Various Coatings Per Specs
 - Custom Packaging
 - Nondestructive Testing
 - Laser Etching
 - Shipping
 - Electro Polishing
 - Silk Screen Marking
 - Inventory Storage Options
 - Ultrasonic Cleaning
 - Engraving
 - PEM Installation
 - Passivating
 - PEM Installation
- ☑ Strict quality inspections to meet or exceed the quality requirements for all products and processes
- ☑ 24/7 operations capability to meet customers' demands
